ABOUT ME

I am Beka Merebashvili 23 years old. I am a highly motivated and detail-oriented web developer. My passion lies in utilizing my technical skills to create dynamic and user-friendly websites that cater to both clients and end-users. I excel in communication and collaboration, working seamlessly with cross-functional teams. I thrive on challenges and enjoy finding innovative solutions to intricate problems.

EXPERIENCE/ PROJECTS

During my time as a junior front-end developer, I have been involved in various projects, both individual and collaborative, that have allowed me to gain practical experience and enhance my skills. These projects have focused on developing responsive and user-friendly web applications, utilizing a range of technologies and frameworks.

I have worked on projects for approximately 8 months, both independently and in collaboration with a team. These experiences have provided me with valuable insights into the development lifecycle, project management, and teamwork.
